1. A report dated 10 July [REDACTED] states that increased Soviet night troop movements have been taking place for the past several nights in the vicinity of Soviet Dzhulfa (38-56N, 45-37E) and Ordubad (38-53N, 46-02E). This activity ceases at dawn and is resumed after dusk. The total size of the units observed between Dzhulfa and Ordubad is estimated at 4,000 men, which is an unusually large number. These troops are not wearing the uniform of the border guards.
2. An undated report, of early July, from Astara indicates the arrival of new Soviet motorized units in the vicinity of Soviet Astara (38-28N, 48-52E). The size of these new units is unknown.
